YOUR NEXT STEPS

Enrolling at Notre Dame is a new beginning. We'll help you find what's next. This summer, you can expect to find helpful reminders and resources here. Our mission is to accompany you not only through this time of transition, but through your transformative first year as a Notre Dame student.

Activate your NetID and ND Gmail Account

In order to ensure you are able to effectively communicate with your new community, it is important that you set up your NetID and your Notre Dame email account. This email account will be critical to your journey as a Notre Dame student. Throughout the summer, we will use your Notre Dame email account as our means of communicating as you prepare for your first year at Notre Dame.

The email from Okta includes a link specifically created for you alone. Be sure to follow the link provided in that email and click here for some "Top Tips" when using Okta.

If you need further assistance with any of the tasks within the Okta email, please contact the OIT Help Desk at 574.631.8111 or oithelp@nd.edu.

YOUR ACADEMIC JOURNEY

This summer, you'll learn more about how to best prepare for this new chapter of your academic journey. The Center for University Advising, home of First Year Advising, offers mentorship, support, and guidance as you cross the threshold into university life and enter into our community of scholars. YOUR NOTRE DAME

The Notre Dame community welcomes you as you embark on this new journey. For now, a good place to start exploring is firstyear.nd.edu.

YOUR TO DO LIST

1) Identify your NetID and ND ID
2) Activate and monitor Your ND Gmail
3) Get connected with the Center for University Advising and First Year Advising at firstyear.nd.edu

Our Notre Dame community continues to monitor and respond to the developing risks of the coronavirus pandemic to students, faculty, and staff. While we will communicate all major announcements, coronavirus.nd.edu remains the best resource to stay up to date on new developments.
