Dear Member of the Class of 2024,

Time tickets (set in Eastern Standard Time) for first-year students will become active tomorrow, December 9th. All students will need to enter NOVO and complete the registration process. View the video below for step-by-step instructions on accessing your Planner within NOVO and submitting your course registration. Some students have reported issues accessing their planners. If you are not able to access your planner, you can go directly into NOVO to select and register for your classes. Watch the video below to see how!

Visit the Registration Resources webpage for additional help!

Click here to review your Registration Preparation Reminders!

Refresh on some Clarifying Procedures, Helpful Tips, and Registration Resources before tomorrow’s time ticket becomes active!
